

HUSQVARNA 365

Husqvarna 365 is a saw for typical professional use. It has been developed in close cooperation with professional users working in the most demanding conditions. The low weight and high power are combined with a rugged engine, making this saw exceptionally versatile and suited for a wide variety of applications.

Air Injection
Centrifugal air cleaning system for reduced wear and longer operating time between filter cleanings.

Magnesium crankcase
Sturdily built crankcase withstands high rpms and tough professional use, ensuring a long service life.

Three-piece crankshaft
Forged three-piece crankshaft for maximum durability for the toughest applications.

LowVib®
Effective anti-vibration dampeners absorb vibration, sparing the user's arms and hands.

Adjustable oil pump
Adjustable oil pump makes it easy to set the chain lubrication according to your needs.

Side-mounted chain tensioner
Side-mounted chain tensioner makes chain adjustment quick and easy.

Additional features

Ergonomic grip
Angled front handle for better grip and natural working position.

Quick release air filter cover
Quick release cover saves time when cleaning or changing spark plug.

Inertia chain brake
Effective inertia-activated chain brake.

Quick-release air filter
Facilitates cleaning and replacement of the air filter.

Smart Start®
The engine and starter have been designed so the machine starts quickly with minimum effort. Resistance in the starter cord is reduced by up to 40%.

Technical Specifications

Cylinder Displacement	65.1cm ³
Power Output	3.4 kW/4.6 Hp
Fuel Tank Volume	0.77 Liters
Oil Tank Volume	0.42 Liters
Chain Pitch	3/8"
Bar Length	24"
Weight(excl.cutting equipment)	6 kg
