

HUSQVARNA J 55S L

Robust and reliable self-propelled mower with high capacity and the option of BioClip® (mulching) and side ejection. The front-wheel drive and the big rear wheels make this mower extra easy to use and manoeuvre. Further features include ergonomic softgrip handle and robust ball-bearing wheels. The handle also folds down for simplified storage and transport.

BioClip®

The grass is cut into small pieces that quickly decompose and return to the lawn as fertiliser, also making the lawn more drought resistant.

Briggs & Stratton engine

Easy-to-start, powerful Briggs & Stratton engine.

Additional features

- **Comfort handle**
Comfortable handle with easy-access controls.
- **Handle height adjustment**
Adjustable handle height for improved ergonomics.
- **Foldable handle**
For simplified storage and transport.
